Summary

Dynamic and resourceful student drawn towards utilizing technology within fine art. Excelling in live event production and audience engagement, proficient in a range of coding languages and software, and adept at transforming spaces through innovative design. Proven ability to lead teams and troubleshoot technical challenges, enhancing overall visitor experiences and ensuring seamless operations during exhibitions.

Experience

Gallery Assistant

INTER/ACCESS, Toronto, ON

May 2025 - August 2025

- ◆ Assisted in daily gallery operations, ensuring a welcoming environment for visitors.
- ◆ Provided support during art exhibitions, coordinating installations and managing logistics.
- ◆ Engaged with patrons, delivering information about artists and artworks to enhance visitor experience.

Production Intern

Grace Exhibition Space, Manhattan, NY

January 2025 - May 2025

- ◆ Led rehearsals with performers, staging performances and planning lighting/sound for the show.
- ◆ Operated lighting and sound for 4-6 performances per night; managed rapid stage turnover, including setup and strike of props and scenic elements
- ◆ Collaborated with team members to troubleshoot production issues and implement solutions.
- ◆ Resolved on-site technical issues, including projector rigging, live stream configuration, and custom media cue scripting.

Front of House Lead/Environmental Design

//PIXELMOUTH, Manhattan, NY

January 2025 -

- ◆ Ongoing collaboration with //PIXELMOUTH, a curatorial collective that hosts one night only events showcasing performance and installation art.
- ◆ Tasked with transforming a gallery space through installations, murals, construction, and projection mapping.
- ◆ Serving as lead for all front of house and bartending operations on show nights.
- ◆ Worked on the implementation of new tools and workflows that streamlined the production pipeline, reducing asset creation time by 15%.

Studio Assistant

An Te Liu, Toronto, ON

May 2024 - August 2024

- ◆ Led multiple fabrication projects from ideation to the execution of my employer's creative visions.
- ◆ Engaged in pre-planning, brainstorming, prototyping, and material fabrication steps.
- ◆ Worked with a wide range of physical and digital mediums to actualize sculptural projects.
- ◆ Aided in renewing our online presence through a new website and social media.
